## **NEW ZEALAND'S ULTIMATE SELF RIGHTING SIGN SYSTEM**

### **DURA-FLEX**

**"A heavy duty sign mount that provides the ultimate in aesthetic visibility combined with technologically advanced self righting system – a system with no equal"**

Proline, a leader in road safety products, has manufactured the DURA-FLEX heavy duty plastic sign mount for over 5 years which features simple appealing shapes designed out of proven robust materials. The DURA-FLEX is a no-fuss, easily erected self righting sign system. It has been designed to withstand being run over, offering asset owners and installers a reliable, effective and long lasting solution to a previously unresolved vulnerable sign maintenance problem.

#### **ROBUST AND LONG LASTING**

Manufactured from tough UV and graffiti resistant plastic resin. Extremely hard wearing and durable construction offering a long life and resistance from permanent graffiti damage.

#### **COMBINATION OF TWO EXCELLENT TECHNOLOGIES**

The proven reliable self righting Vertiflex technology for guaranteed performance with the visually appealing Dura-Flex sign mount.

#### **FEATURES ROUNDED EDGE SIGN MOUNTING BODY**

No sharp edges enhances safety and increases visual target value especially valuable for signs in extreme vulnerable locations.

#### **OPTIMUM VISIBILITY**

White polymer base and sign mount. Increases visual effect. For aesthetic considerations other colour options available on request.

#### **SIMPLICITY**

Can adapt any 600mm diameter high intensity sign overlay. Very versatile for various sign messages (see below).

#### **FLEXIBILITY OF DESIGN**

Typically utilised for 600mm diameter overlay options but adaptable to any size and shape on request.

#### **SINGLE OR DOUBLE SIDED APPLICATION**

Can be used for bi-directional messages.

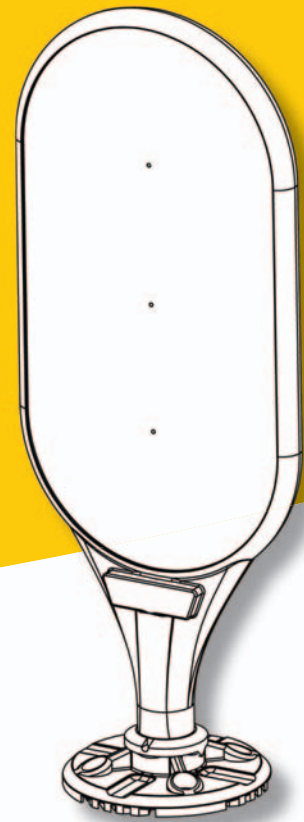

#### **VISUALLY APPEALING**

The most visually pleasing sign mount on the market today. Can be customised to any design requirements you may have.

#### **MOULDED LOGO OPTION**

Not only perfect as a signage mount but also allows you to increase your companies brand in the competitive marketplace. Can be branded on the Vertiflex base and on the Dura-Flex sign mount itself.
